

Distance education without borders

Khmelnyskyi National University is the biggest higher educational institution in Podillya, which trains specialists in 43 specialities and conducts educational, methodical, scientific work. The University was founded in 1962. Since that time it has transformed from general technical faculty of Ukrainian Printing Institute to Khmelnyskyi National University, which has the highest IV-th level of accreditation. It trains specialists for Ukraine as well as for the whole world.

The tuition is conducted in two languages: Ukrainian and Russian.

Foreigners' and stateless persons' training is carried out according to the Law of Ukraine. Foreign citizens' admission is conducted according to the Regulations on admission and training foreigners and stateless persons in Khmelnyskyi National University.

For registration in the University (admission for the first year studying or transferring from other educational institutions)

foreigners submit the documents to the Selection Committee.

All foreigners can get education in our University for affordable price.

Education increases Your incomes, expands the outlook and encourages personality development!

Dynamic, modern distance learning integrates all existing teaching methods and puts them on a new level.

Distance learning – is a new form of education process organization that is based on students' independent learning principles. Tuition environment presupposes that students remote from the teacher in space and time have the possibility of supporting anytime dialogue by means of telecommunications.

Applicants submit:

- application for admission to Khmelnyskyi National University;
- state-recognized document of previously acquired education;
- medical certificate;
- six color photos, size 3 x 4 cm;
- passport first page copy;
- other documents, specified in Admission Rules.
